THE WING SEED COMPANY

MECHANICSBURG, OHIO

PRICE LIST FOR 1922

THIS PRICE LIST CANCELS ALL
PRICES IN CATALOGUE

FRIENDS, WE GIVE YOU GREETING.

It was our intention to issue a new catalogue this year instead of this price list, but we found that most of our customers had retained their old catalogues and we therefore decided to make a saving by using this inexpensive price list instead of the catalogue for this season. That saving we are handing on to you by making our seeds as low in price as possible. If, however, you have not retained your catalogue, write to us and we will send you one of the old ones. We have a moderate number of these left.

While our seeds are low in price, we are retaining our original quality which has always been just the best that we knew how to give our customers. We have an abundance of good seed and were never in better position to supply you than we are now. The prices on our bulbs were not advanced during the war, and therefore we have made only minor changes in this price list. We think that our crop of bulbs this year is the finest that we have ever produced. In this price list we have added comparatively few new varieties of bulbs, but we are growing many new things, especially in Peonies and Irises, and if you are particularly interested in these bulbs and write to us, we will be glad to quote you upon some of the newest and finest things in existence. Our stocks of these were so limited that we did not think it advisable to list them for general distribution yet. Help is not as scarce as it was; we have more expert men working in the bulbs than ever before, and we feel sure that we can please you better than we ever have in the past.

THE WING SEED CO.
MECHANICSBURG, OHIO

Garden Seed Department

Vegetable Seeds

We prepay postage in United States on all quantities under 2 lbs.

For Foreign Countries the postage rate is
12 cents a pound or fraction of a pound.

PEAS

First Early

		Pkt.	Prepaid		Not
			½ Lb.	Lb.	Prepaid
					2 Lb.
A340	Alaska.....	8c	18c	25c	45c
A350	American Wonder.....	8c	18c	30c	50c
A351	Blue Bantam.....	8c	22c	40c	55c
A351½	First and Best—An excellent extra early variety practically identical with Extra Early Pedigree and very similar to prolific Early Market. Vines slightly more dwarf and pods a little shorter than the two varieties mentioned.....	8c	18c	30c	50c
A352	Little Marvel.....	8c	28c	50c	85c
A352½	English Wonder—Little Marvel and Sutton's Excelsior find an excellent substitute in this variety, it being possibly two or three days later in coming into picking condition. Height of vine about the same and pod has same characteristics as to size and shape. A splendid cropper and variety for the Market Grower.....	8c	18c	30c	50c
A353	Market Surprise.....	8c	18c	30c	50c
A354	Nott's Excelsior.....	8c	20c	35c	55c

Second Early to Midseason

A355	Gradus or Prosperity.....	8c	18c	30c	50c
A356	Premium Gem (Little Gem).....	8c	18c	30c	50c
A356½	Pilot—This variety can properly be considered a smooth seeded Gradus. The vines of the two varieties are practically the same in height, they mature at the same time, and the pod of the Pilot is a trifle shorter than the Gradus.....	8c	18c	30c	50c
A357	Prodigious.....	8c	18c	30c	50c
A358	Thomas Laxton.....	8c	18c	30c	50c

PEAS—CONTINUED

FIELD SEEDS

Since, as you have noted in our introduction, we are not issuing a new catalog this season, we wish to explain that if you have not retained your old catalog, which includes our field seed line, we would be glad to mail you a copy.

This season we will keep you in close touch with the field seed market by mailing you advisory price lists at intervals during the sale season. Hope that you will bear in mind that the seeds priced on these lists are all of the same high quality that we have been furnishing in previous years.

Our seed Corn is still proving to be one of the cheapest investments that the farmer can make. The extreme care with which our propagation seed is selected, and the method of handling the sale stock enables us to offer you the best seed corn that money can buy. Our strains are self-advertised by their merits.

The many superior selections of Soy Beans that we have made have proven themselves worthy of our competitors advertising in their lists as the best. We ask you to buy from the originators and thus insure purity and prices.

Our specialties for years have been Dakota Thirty, Grimms and North-western Alfalfa. Hardiness, purity and trueness-to-name count for everything in this line. We have been pioneers in this line and are glad to give you the benefit of our experience.

Do not forget that we handle Sweet Clover, both annual and bi-annual, Winter Vetch, Rape, Millets, Canada Peas, Timothy, Clovers Pasture, Meadow and Lawn Mixtures and all of the common grasses including Home Grown Grass-free Bromus Inermis.

Thank you in advance for your trade.

PRICE LIST OF BOOKS

(Postage Extra)

We cannot guarantee prices on books for entire season.

Owing to the great cost of manufacture, prices may be advanced.

Mixtures

Cat. No.	Variety		
5183	Wing's Resplendent	per doz.	1.00
5185	Trial Grounds Mixture	per doz.	1.50
5186	Wing's Choice	per doz.	.60
5187	Wing's Surprise Mixture (Made to show you how well we could do for a low price)	per doz.	.50
Dozen prices on above named varieties as follows: Any 10c variety, 60c per dozen.			
Above that price, multiply each quotation by 10, thus a 15c variety is \$1.50 per dozen.			

DAHLIAS

A few of our varieties of Dahlias have become so low that it is necessary for us this year to quote plants only instead of bulbs. We will send vigorous plants and make the price as reasonable as possible. Dahlia prices prepaid.

NEW DAHLIAS

Cactus Flowered Varieties

		Each
6225	Alice G. Underwood (Cactus)—Very large full flower. Petals very long, strongly incurved. Pale hortensia rose, tipped lemon yellow, center pale lemon yellow, striped deeper. Coloring delicate and beautiful. A flower of great distinction.	1.50
6227	Glaive—Very large flowered, Hybrid Cactus type, thick and full to center. Petals strongly recurved. Rich dark velvety crimson with purplish reflections. Distinct and beautiful.	.75
6228	Kathleen Bryant (Cactus)—Good sized flower, petals long, narrow, incurved, purplish red shaded maroon, variable. Some flowers have these shades finely striped and dotted on a ground of cerise.	.50
6229	Marotte (Cactus)—Large full flowered, petals strongly incurved, brilliant fire red.	.40
6230	Ophir (Cactus)—Dainty little flowers of pale primrose yellow. Petals long, medium width, slightly curled. Shows a small center of stamens of rich sunflower yellow. Foliage fern leaved. Plant very graceful with numerous slender branching stems, crowned with a profusion of blooms.	.75
6232	Silver Wings (Cactus)—This flower is absolutely perfect in form. One of the most chaste and elegant Dahlias we have ever seen. In type it is straight petaled Cactus, formed with utmost regularity. Color, very deep cream. Flower of heavy texture. Waxed appearance. Beautiful as a lily.	.50
6234	Star Dust (Hybrid Cactus)—Large, finely formed flower. Clear, deep golden yellow. Free flowing with long stems. One of the best that we have.	.50
6235	William Dickson (Cactus)—Hybrid Cactus type. Medium flowered. Produced in greatest profusion. Coloring extremely brilliant carmine. Satiny texture. While not a giant, this flower is of distinct coloring and very effective.	.25

Peony Flowered Varieties

6236	Cleopatra (Peony)—Large full flowered, regularly formed, somewhat cup shaped. Color, cardinal red and lemon color, red predominating. Around the center is a well defined halo of yellow. Tips are variably yellow, stems long and slender, a flower of unusual and rich coloring, but not gaudy.	.50
6237	Eva D. Rosewarne (Peony)—This flower is like a precious stone in its beauty, depth and brilliancy of coloring. It reminds the writer of a painting, by Gerome, seen long ago, which might have been painted with melted emeralds and rubies. It is of medium size and only moderately full. Its merit is in its beauty of color, Cochineal carmine. An occasional touch of white appears here and there. Plants \$3.00. Bulbs \$1.50.	
6238	Gaire de Grenoken (Peony)—Very large, full, flat flower. Petals broad, long, twisted and curled. Pale yellow tinted rose.	.50
6239	Mrs. F. Boyer (Peony)—Large flowered, full and thick, petals somewhat curled. Coloring, a mingling of carmine rose and amber yellow, reverse of petal carmine rose. Very strong and vigorous plant. A good variety.	.75
6240	Negus (Peony)—Immense flower, full and thick. Petals strongly incurved. Rich geranium lake, brilliant and glistening.	.60
6241	Phidas (Peony)—Large flower. Petals broad, curled and twisted. Coloring, rich and good. Rose Nilsson (deep rose pink), passing to gold at base with gold sheen over all surface. Here and there a golden stripe. A slight tinting of violet at tips.	1.00
6242	Garland (Peony)—Enormous flowers, very full, petals broad, curled and twisted. Very soft pale yellow, brightened gold, shaded deep apricot at base of petals. Rich and striking flower.	1.25

Decorative Varieties

6243	Nevada—Loosely arranged flower. Cream tinted greenish-gold at center. Exquisite.	.75
6244	Princess Irene—Graceful pure white flower. Large, flat, very long petals.	.40
6245	St. Victor—Large flat, starry flower. Cream, delicately tinted pale rose.	.75

Single Varieties

6246	Imperialana—Pinkish mauve with high center, very deep yellow.	.30
6247	White Century—Very large. Pure white, flushed violet-rose.	.30

7379	Mikado—Dark crimson, edged and tipped gold.....	2.50

IRISES

We are now growing Iris bulbs literally by the million and in order to make it easy for every one to enjoy this wonderful flower we have made a remarkable change in prices. In most cases present price is only one-half former quotations. This certainly places them within the reach of all. Furthermore, our prices have always been in line with the market and the present cut is made voluntarily for the benefit of our customers.

New and Rare Varieties—Tall Bearded

Cat. No.	Variety	Each
8302	Ambassadeur —(Vilm.) Late, strong plant, stout stems about 4 ft. high. Very large flowers with smoked reddish violet upper segments, the lower ones being of a velvety dark reddish violet. Beards and styles yellow	10.00
8303	Grevin —(Vilm.) Medium late. Height about 28 in. Large flowers with violet upper segments shaded with yellow; the lower segments are dark violet with bright yellow stripes at the base. Styles yellow	10.00
8304	Medrano —(Vilm.) Half early, about 24 in. high. Large flowers with upper segments of a smoked, vinous purple colour and dark reddish violet lower segments, strongly striped at the base. Beards and styles yellow	10.00
8305	Benhow (A. M. 1916)—Standards and falls deep violet-blue, a tall well developed stem, erect in habit, distinctly a pallida variety and one of the best of the group; height 3 ft.	4.00
8306	Cordelia —S. Rosy-lilac; Falls crimson-purple, a handsome and floriferous late flowering Iris, C. IV.	2.50
8307	Knysna —A very fine variety, exceedingly free-flowering and a vigorous grower. The long arching Standards are clear deep yellow, the falls a deep velvety red-brown. Often has as many as four flowers on a stem at one time. The finest yellow variety in cultivation today. 2 ft. 9 inches. C. VII.	3.50
8308	Lent A Williamson —(Williamson 1918) S. campanula-violet; F. rich royal purple; beard yellow; strong grower and free bloomer; one of the finest American varieties.	3.00
8309	Neptune —(Yeld.) A. M., R. H. S. Bright pale blue standards, rich dark purple-blue falls; the tall branched habit setting off nobly its large flowers and wide spreading falls.	3.00
8310	Ring Dove —(Pall. X) Immense flowers, five inches in length, of splendid substance, heavy texture, fine form, with broad ruffled standards, and long drooping falls. Coloring warm; S. bright lavender-violet; F. deeper, at base veined still darker on lavender-white. Strong, vigorous and free, in favorable conditions exceeding four feet in height, and bearing as many as seventeen flowers and buds on a single branched spike	2.50
8311	Windham —(Farr. Pall.) Very large flower with all divisions broad and full. A very lovely shade of deep, warm pinkish-lavender, the falls heavily netted with a velvety tracery of deeper color.	.75
8312	Patience —(Trojana.) (Foster.) An interesting little Iris, very late flowering, with quaint flowers of very pretty form; S. grayish-mauve; F. deep purple. Medium sized flowers	.25

Fryer Seedlings—Tall Bearded Iris

8313	A. E. Kunderd —S. Yellow-bronze tinged with magenta; F. magenta-red tinged with bronze reticulated yellow from center to base. Conspicuous orange beard. Fragrant. Glory strain	.75
8314	Mrs. W. E. Fryer —S. white, shaded heliotrope; F. purple-crimson, bordered a lighter shade; white veins from center to base. Orange beard. 32 inches.	.75
8315	Mrs. W. F. Kimball —S. Heliotrope tinged bronze; F. reddish purple, lighter border, reticulated white with dividing line in center. Conspicuous orange beard. Very fragrant. 18 inches	.75
8316	R. C. Rose —S. Purple-bronze shaded yellow at base; F. reddish purple, light yellow border; reticulated light yellow. Orange beard. Fragrant Very free bloomer, and one of the best of plants. 23 inches.	
8317	Rev. A. H. Wurtelle —S. purple-bronze; F. rich velvety royal purple, lighter at the edge, reticulated light yellow at the base and veined brown. Yellow beard. Fragrant. 18 in.	.75
8318	Rev. S. H. Smith —S. Bronze-crimson; F. maroon-red, edged with bronze, veined light yellow at base. Yellow beard. Glory strain	.75

1921 Novelties—Tall Bearded

8275	Alban Francois —Bluish purple and white	.35
8276	Barbara (Foster)—A pretty form of Cengialti with soft blue coloring of Albert Victor. One and one-half feet.	.75
8277	Bigotini —Velvety bronze, moderate yellow and russet	.35
8278	Chendolle —Velvety purple, striped with slate	.35
8279	Clematis (Bliss)—No Iris could be better named than this unique variety. The shape of the flower is more like a fine Iris Kaempferi or a large, six petaled Clematis. All six segments of the flower reflex horizontally. Color, light, clear violet with variable veining at base. Strong growing, free flowering and fragrant. Twenty-four to thirty in. purple violet. Flowers large with bold free habits	3.00
8280	Dorak (Foster)—(Iberica x Cengialti)—(Pallida Seedling)—Standards soft blue violet, falls purple violet. Flowers large with bold free habits	1.75
8281	Fairy Queen —Velvety blue, striped and bluish white	.35
8282	Garrick —Bluish violet and light blue	.35
8283	Isola (Foster)—(Pallida x Cengialti)—Standards light blue, falls violet purple. Extremely neat and free flowering. Charming.	1.00
8284	Junonia —A new species from the east. Of exceptionally strong growth. Spikes from four to five feet high. Bears massive flowers the falls of which are violet purple and the standards a soft blue. One of the largest Bearded species known	2.00
8285	La Beaute —A lovely form of Pallida. Very large, pale blue flowered	1.00
8286	Madame Debura —Purple violet and bright blue	.35
8287	Malvine —Reddish purple, striped white	.35
8288	Mikado —An English seedling. One of the most distinct in color and habits. Except for the orange beard, the whole flower is heliotrope. The falls are a shade deeper than the standards. Two and one-half to three feet with tall, narrow foliage	1.00
8289	Mist (Foster)—(Pallida x Cengialti)—This has the neat rounded special typical flowers and habit of this cross with the lavender blue of Albert Victor.	.35

IRISES—CONTINUED

Cat. No.	Variety	Each
8290	Nine Wells (Foster)—Standards light violet, falls deep purple violet, showing a white ground at the throat. Smaller, darker and more velvety than Amas.....	.50
8291	Ossian (Var.)—Standards pale yellow, falls bright red. A. M. International Show, 1912..	.50
8292	Petite Vitry —Standards pale violet. Falls deep purple violet. Beards yellow on a white ground, reticulated with purple.....	.50
